

MAYANK BHATGARE

Hi there, I am an enthusiastic student deeply passionate about UI/UX design and problem-solving. With a solid academic background, I've recently expanded my skill set by mastering ReactJS and Figma. Winning the SIH Hackathon as a UI/UX designer was a highlight, showcasing my ability to innovate and collaborate effectively in a team setting. I'm excited about the opportunity to bring my creativity and technical expertise to an internship role, where I can contribute fresh ideas and help create impactful user experiences.
